All children age three to school age are invited to participate. Shown in costume are, from left, Dickson Ferguson, 2, son of Mr. and Mrs. John D. Ferguson Jr., Maggie Bell, 3, daughter of Mr. and Mrs. Rodger Bell and Jeffrey Poe, 3, son of Mr. and Mrs. John Poe. Parents are to bring the children at three and pick them up at 3:30.

**NEWS AND VIEWS...**

**And What Have You**

By BOB CRAIG

All of you people who are having a hard time making up your minds as to how you should vote in the presidential election have only a few days left to make your decision. The big day is Tuesday and the decisions to be made are many.

You will be faced with one of the biggest ballots you have ever seen when you go to vote. It is not that there are really that many more issues on the ballot this year. For the most part the problem comes about because of the ruling that the ballots must be bi-lingual. Added to this is the fact that there are six parties listed on the ballot and two constitutional amendments.

Regardless of who you support for president we hope that you will not vote a straight ticket by voting for the party at the top of the ballot. We say this because of one thing only.

If you vote a straight ticket by just marking the top of the ballot we are not sure if you can still write in a candidate and Texans badly need to write in a candidate to replace Don Yarbrough as Associate Justice of the Supreme Court.

Yarbrough is the Houston attorney who the State Bar Association is seeking to have disbarred because of the suits filed against him. All indications are that he is just not the type of person Texas needs on its Supreme Court.

But a write-in winner is apparently the only way to keep him off and it is hard to win a state-wide write-in campaign. This is especially true when you have two candidates seeking write-in votes for the office.

Tom Lorance and Sam Houston are the two lawyers trying to win a write-in campaign. While Houston has the easier name to remember, which is an asset in a write-in campaign, we feel that Lorance is probably the better choice. Unfortunately, the two men are unlikely to split the votes of those who take the time to write in a candidate and Yarbrough is likely to come out on top.

## General Election Polls To Open At 7 Tuesday

All 14 voting precincts in Jones County will be open for the General Election Tuesday. The polls will open at 7 a.m. and close at 7 p.m.

Precinct One voters in Hamlin will vote at the Public School Gymnasium, according to Mike Young, election judge.

Voters in Precinct 14 are expected to vote in Hamlin Jaycee Community Building again this year. It was not known Tuesday who would serve as election judge for that box.

The presidential election campaign has generated a more than usual amount of campaign activity in the area this year as area Democrats held a Big County Rally in Anson Saturday and a large number of area people have become active in the campaigns.

Much of this has been brought about by the fear of many officials that not only might the area vote be light but also the statewide vote.

Although there are very few actual contested races in Tuesday's election, voters will be working with one of the largest ballots on record. The size of the ballot is due primarily to its being bi-

### Absentee Vote Deadline Nears

Disabled persons, who cannot get into the polling places, may drive to the polling place and an election judge will come out to the car for that person to vote.

Friday is the last day for absentee voting. All persons who will be out of the county on election day must go to the County Clerk's office in Anson Friday or before to vote absentee.

Persons incapacitated and unable to go to the polls may call Anson for a form to be mailed to them. This method requires a doctor's certificate showing the voter unable to go to the polling place.

Mark Madden and James Harrington of Odessa came by Monday for a short visit with Mark's parents, Mr. and Mrs. Lewis Madden. They are employed by Cooper Energy Service in Odessa and were on their way to Longview where they will work for two or three weeks. They had returned to Odessa Thursday after spending several weeks in Liberal, Kan.

## Pipers to Play Haskell In Crucial 7-A Game

The Pipers will travel to Haskell Friday to meet the Indians in a game that could go a long way in determining the winner of District 7-A. While both teams have yet to face Crowell, a team that only has a tie blemishing its record, the winner Friday will be favored to take the district title.

Last week while the Pipers were pounding Aspermont, 49-7, the Indians were being upset by the Munday Moguls,

21-6. However, the Haskell loss does little to help the Piper cause as a loss to Haskell could still put the Indians in the playoffs.

Four games deep in district play, the Pipers remain the only undefeated team in district play with a 4-0 record. Crowell is second with a 3-0-1

record and Haskell is third with a 3-1 mark in district. Munday follows with 2-1-1 and then it is Knox City with 2-2, Paducah with 1-3 and then Rotan and Aspermont with 0-4 records.

This week while Hamlin is testing Haskell, Aspermont will be at Crowell, Munday at

Knox City and Rotan at Paducah.

The Indians are 5-2 for the season with losses to Munday and Stamford and have the highest scoring offense in the district with 228 points for the season and 144 in district play. The Pipers have scored 202 in seven games and 123 in district.

The Indians have a talented backfield with Gary McAdams, a 195-pound senior, at quarterback; Vonnie Hise, a 210-pound sophomore, at fullback; either Kevin Marshall, a 160-pound senior, or Archie Crim, a 200-pound senior, at tailback; and Jimmy Browning, 160-pounds, at halfback.

McAdams is a good passing quarterback and is also a good runner. The big fullback Hise is a strong blocker and is called upon for the shortage plays. Marshall has excellent speed and is a break-away threat and a good receiver while Crim also has good speed and is a good receiver. Browning is also an excellent back who runs with power and is a good blocking back. At split end for the Indians will be Frank Jordan, a 160-pound senior, and at tight end will be Rex Pittman, a 185-pound senior. Tackles will be Mike New, 175-pounds, and Kyle Markey, 175-pounds. The guards will be Johnny Lared, 170-pounds, and Jessie Billington, 200-pounds, and at center it will be Randy Darden, 170-pounds.

Anyone who has not been contacted and would like to make a contribution to the Hamlin United Way campaign is urged to call or go by the Hamlin Board of Community Development office, Bonds said.

"The 1976-77 goal of \$14,000 can only be met by every contributor giving at least the same pledged last year and others giving who did not give last year," Bonds added.

### McCaulley Halloween Party Saturday

McCaulley Schools will hold their annual Hallowe'en carnival and coronation Saturday at 6:30 p.m. in McCaulley gymnasium. Each class will have a booth from which prizes may be won.

No admission will be charged.

The coronation will begin at 9 p.m. The theme for this year's coronation is Camelot. A king and queen will be named from high school, junior high and elementary. The kindergarten children will serve as crown bearers.

After the coronation, booths will be open until midnight. The public is cordially invited.

Visiting in the home of Mr. and Mrs. E. L. Jenkins Sr. were his sisters, Mrs. W. H. Miller of Denton, Mr. and Mrs. B. G. Turner of Greenville, Mr. and Mrs. Ira Branch of Rotan and Mrs. Herman Sharer. They all visited in Abilene with Mrs. John Dotson and Mrs. J. M. Cole of Borger. Mrs. William Long of Rotan joined them

**APARTMENT COMPLEX**—Workmen were busy Tuesday pouring the foundations for two of the four apartment complexes being built here by the Hamlin Housing Authority. Work is expected to start on the other two complexes as soon as fill work is completed on the lot across from the new auditorium. The work that is underway is on the two complexes at Southwest Ave. A and Fourth Street that will contain four one-bedroom and three two-bedroom apartments.

# CAN YOU TRUST JIMMY CARTER TO DO WHAT'S BEST FOR THE AMERICAN FARMER?

Jimmy Carter is an engineer, a scientist, a former governor. He is also a farmer. His children will be the sixth generation on the same land. He understands what it means to roll up his sleeves to do an honest day's work for an honest day's pay. He also understands the abuses you have suffered during a Republican Administration which has taken excellent care of the grain speculators, the

Russians, the food processors and the powerful. At your expense. The Republican big-business approach to farming is a disgrace and a failure. American farmers are going broke trying to produce food American consumers cannot afford to buy. As a farmer Jimmy Carter is committed to changing that. As President, Jimmy Carter will change that.

#### FARM EXPORTS.

"We can't tolerate an agricultural policy which encourages foreign sales and then cuts them off for political convenience. We can only develop overseas markets for our goods, if our buyers can depend on us and the quality and quantity of our products. Our farmers are dependable. It's our government that's not."

#### DOMESTIC AGRICULTURAL POLICY.

"The Republican big-business approach to agriculture is driving the family farmer out of business. We need to end the threat of embargoes, to create small but adequate reserves, to establish realistic fall back prices. We need to develop an abundant production policy coupled with a vigorous expansion of our export markets."

#### RURAL AND SMALL TOWN DEVELOPMENT.

"Farmers are entitled to exactly the same standard of living that most urban dwellers take for granted—adequate water and sewer systems, affordable electric and telephone service and a realistic wage for a good day's labor."

#### ESTATE TAXES.

"The present estate tax threatens the very existence of the family farmer. It should be and will be eliminated with progressive tax credits or by a substantial increase in estate tax exemptions. Permanent farm land must be and will be valued at its production value. Not at its value to land speculators."

#### TOGETHER, JIMMY CARTER AND WALTER MONDALE WILL GIVE THE AMERICAN FARMERS A VOICE IN THE WAY YOUR GOVERNMENT IS RUN.

One of the reasons Jimmy Carter chose Walter Mondale to be his running mate was because they both share the same concern for the American farmer. Born and raised in rural Minnesota, Mondale has relentlessly and consistently fought for the rights of the family farmer. And as a U.S. Senator, his record stands as one of the most impressive in Congress.

#### CAN YOU TRUST A REPUBLICAN ADMINISTRATION WHICH STANDS ON A RECORD LIKE THIS?

As a Congressman, Gerald Ford led the fight for cutbacks and impoundments of rural funds. He voted for every termination and elimination of rural programs family farmers so desperately need. As President, Gerald Ford and a Butz Department of Agriculture have consistently vetoed, embargoed, reduced and curtailed a long list of programs designed to guarantee the family farmer a decent standard of living. It's a record of disregard and insensitivity to the problems facing the farmers and consumers of this nation.

If you agree that drastic reforms must be made in the way this country is run, in the way our farm program is administered, you have only one choice on November 2nd. And that's for change.

#### ON NOVEMBER 2ND,

# VOTE FOR JIMMY CARTER. A LEADER, FOR A CHANGE.

**Couple to Mark 50th Anniversary**MR. AND MRS. C. W. THOMAS  
... reception set Sunday

Mr. and Mrs. Clarence William Thomas will be honored Sunday with a reception at First Baptist Church in observance of their 50th Wedding Anniversary. Friends are invited to call from 2 to 4 p.m. in Fellowship Hall.

The couple's children will host the celebration. The children are Mrs. Bob (Velda) Higgins of Fort Collins, Colo., J. W. Thomas of Denison, Varnell Thomas of Goldthwaite, Cordus Thomas of Lubbock and Mrs. Mac (Anita) Reid of Hamlin. All plan to attend.

1. You have less than 70 days to make an IRA contribution for 1976.

2. Although the 1976 Tax Law made Individual Retirement Accounts more attractive, the changes do not take effect until 1977.

3. All IRA's are not the same. Some firms handling IRA's take their expenses and sales commissions out of your contribution. Our advice is to read your Annual Report Summary carefully.

We do not charge any fees to handle IRA's and in addition we pay the maximum interest allowed under Banking Law.

4. We would welcome the opportunity to discuss IRA's with you.

## FROM THE FILES . . .

TWENTY YEARS AGO  
(November 1, 1956)

W. L. Fletcher Jr. was reelected president of the Hamlin Memorial Hospital Association at the reorganization meeting of directors following the annual stockholders' meeting Sunday week at the Hamlin High School.

Other officers reelected at the session were: C. E. Gregory, vice president; and J. E. Patterson, secretary.

At the stockholders' meeting Alton Mayfield, M. S. Johnson and Ralph Riddle were reelected as directors. Holdover directors are F. W. Poe, C. E. Gregory, J. E. Patterson, J. E. Turner Jr., Raleigh Reynolds and W. L. Fletcher Jr.

Prospects of financing the proposed \$60,000 wing to the Hamlin Memorial

Hospital loomed bright this week, it was announced by President W. L. Fletcher Jr. of the hospital association, when the loan company through which the hospital has done financing before asked for reopening of negotiations toward making the loan.

Plans call the construction of an east wing to the \$125,000 building of the Hamlin Memorial Hospital. The wing would include new offices and clinical equipment and rooms for the doctors who headquartered there. Their present offices would be converted into new patient rooms.

Better than usual interest is being manifested this week in the general election that is scheduled to attract hundreds more people of Jones County to the polls next Tuesday.

box in front of where you write the name in but it does not.)

But the most important thing to remember is that you need to make your intentions clear to the election judges. They can not guess at what you meant when you voted.

Along with urging you to write in the name of Tom Lorance for the Supreme Court we would also urge you to write in Louis Stinnett for the unexpired term of Justice of Peace, Pct. 1. This is the unexpired term of the late Mr. John Barnett.

We would also urge your support for the two constitutional amendments on the ballot. They both concern bond monies for water and sewer projects and will pay for themselves.

If you have gotten this far and are still wondering if we are going to urge your support for one of the candidates for president, the answer is no. We find ourselves still hanging on the fence and you have to have a lot more faith in a candidate than we do of either one of these to urge someone else to support them.

But regardless of how you vote — the important thing is for you to vote. We have always felt that those who do not vote do not have any right to gripe.

## SCIENCE and GOD

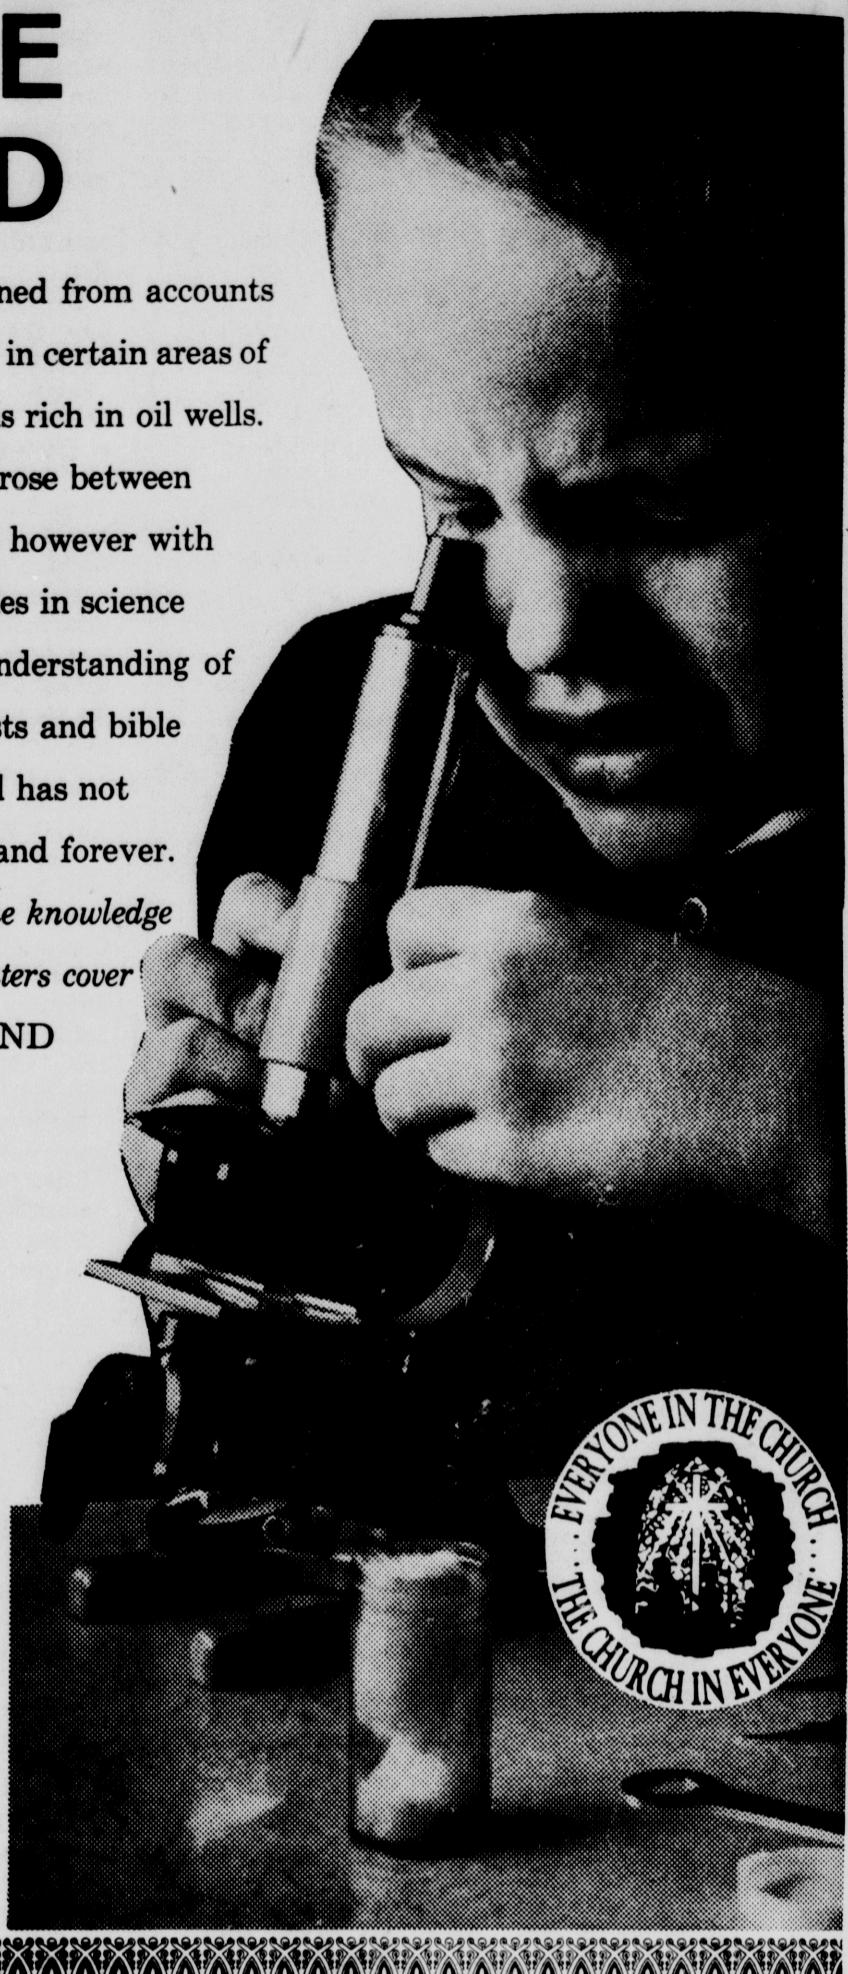

Not too long ago, a man determined from accounts in the bible that oil could be found in certain areas of bible lands . . . now this country is rich in oil wells.

In the past, vigorous arguments arose between some scientists and bible scholars, however with the passing of time, new discoveries in science have helped us to have a better understanding of God's word and now most scientists and bible scholars are in accord. God's word has not needed to be proved, for it will stand forever.

"*For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea.*" ATTEND CHURCH AND STUDY GOD'S WORD.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**If you smell  
natural gas,  
follow these  
3 steps to safety.**

The natural gas industry has one of the best safety records of any energy source in the United States.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

**1.** Do not switch anything electrical on or off. Don't use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.

**2.** Have everyone leave the house immediately, leaving doors open to help ventilate.

**3.** Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

# Pipers Explode In Second Half To Maul Aspermont, 49-7

The Pipers, their own worst enemy during the first half, exploded for six touchdowns in the second half to maul the Aspermont Hornets, 49-7. Fumbles and penalties and a freakish Hornet touchdown forced the Pipers to go to the dressing room at half time trailing 7-6.

The Pipers put together one touchdown drive in the first period, but then could not seem to do anything else right during the first 24 minutes of play. Even three defenders could not keep the Hornets from scoring their one touchdown as all three managed to bat the ball around and into the hands of the waiting Hornet receiver.

But when the Piper onslaught finally got underway in the third period, it seemed that all they needed to score was to get the football. In the final period the Pipers only ran five plays but three of them were for touchdowns.

Delbert Thompson, Hamlin's big running back, had another good night as he scored four times in carrying the ball 23 times for 223 yards. His performance for the night put him over the 1,000 yard mark for the season as he now has 1,129 yards in 153 carries for a season average of 7.4.

get out of the opportunity was a penetration as they gave up the ball four plays later on the Hamlin 16. The Pipers ripped off 55 yards in five plays only to fumble again at the Aspermont 29. But apparently the Hornets did not want the ball either as they fumbled it back on the next play.

The Pipers suffered a 15-yard penalty back to the 44-yard line and then on third down fumbled trying to pass with the Hornets taking over on the Hamlin 23.

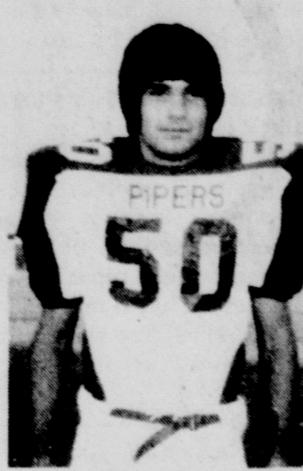

The Hornets picked up three yards in two plays and on third down Quarterback Greg Salazar pitched back to Brad Dubert who passed deep into the Piper endzone. Three Piper defenders and one lone Hornet receiver were there waiting for the ball to come down. But it was the Hornet receiver, Kevin Shadle, who came up with the ball and the touchdown after the defenders batted it up into the air. Domingo Castaneda kicked the point after to give the Hornets a 7-6 lead with 3:52 left

in the district contest with the Hornets. The Hornets were unable to pick up a first down and punted with Hamlin running three plays and punting back to the Hornets. Again the Hornets failed to put enough yards together for a first down and punted to the Hamlin 28.

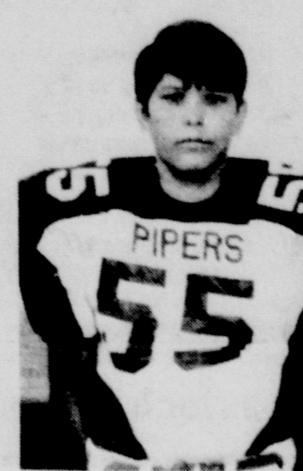

Quarterback Paul Reynolds faked into the line and dropped back for a 33-yard pass to Ronald Brown for a first down at the Hornet 39. Seven plays later Thompson carried around his right end for 15 yards and a touchdown. Stanley Jones' kick was no good and the Pipers led 6-0 with 3:38 left in the first period.

The Hornets moved from their own 23 to midfield before an 11-yard loss forced them to punt. The Pipers lost the first of three fumbles on the first play with Aspermont taking over on the Hamlin 25.

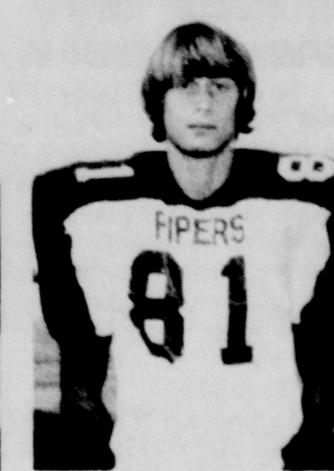

But all the Hornets could

in the second period.

Following the kickoff, the Pipers were not able to overcome another 15-yard penalty and were forced to punt. After some confusion on the time keeping, the Hornets were able to run off 1:35 off of the clock in three plays to go in at halftime with a one-point lead.

Taking the second half kickoff, the Pipers picked up

two first downs on the running of Thompson before stalling out at the Hornet 41. The Hornets picked up a first down at the Hamlin 47, but fumbled on the next play with Hamlin taking over on their own 48.

Thompson broke loose for 52 yards and an apparent touchdown only to see it called back for clipping. Thompson carried for four, Reynolds had a pass go incomplete and then Thompson picked up five yards. Facing fourth and two, Thompson got his first down at the Hornet 39. Jones carried for three yards and then Thompson broke loose for 26 to the 10. Thompson gained six and then went over left tackle for four and the go-ahead touchdown. Thompson went around his right end for the two points to give the Pipers a 14-7 lead with 5:04 left in the third period.

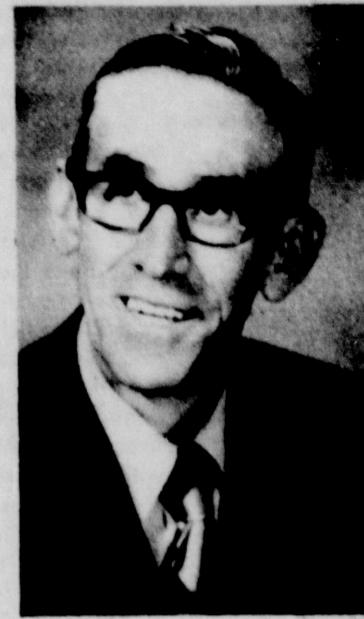

Hamlin recovered another Hornet fumble two plays later at the Aspermont 30 and on the first play, Jones hit over right tackle, cut to the outside and raced the 30 yards for the score. He kicked the point after to put the score at 21-7 with 4:09 left in the period.

The Hornets picked up one first down before being forced to punt again with the Pipers taking over on their own 13. Mack Lee ripped off 25 yards and then Mike Hymer broke loose for a 62-yard touchdown scamper. Jones added the final point of the night with 3:16 left on the clock.

The Hornets ran five plays to run out the clock.

## Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

**Tax Reform:** "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

**Economy:** "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

**Efficiency in Government:** "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

**Housing:** "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

**Health Care:** "We need a nationwide health care delivery system which will make adequate health care a right for all people."

**Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.**

"We have passed from an era of cheap, abundant fuels, energy and materials, into an era of shortages and high costs which will, at best, be with us for many decades."

Congressman Mike McCormack  
Chairman, Energy Task Force

Energy conservation and the more efficient use of power are vital to all of us. It's no secret that natural gas is in diminishing supply, coal is costlier if it is to burn clean, and nuclear, thermal and solar still have a long way to go to make a significant contribution to the "energy crisis".

But the electric cooperative was organized when there was no electricity at all for its members. It has delivered dependable power to its member-owners through a depression, a recession, three wars and an oil embargo. It will continue to provide dependable power, from whatever source, with service second to none. Conservation of that power is the responsibility of every member.

## Philosopher Thinks the People Possibly Have Turned the Tables On the Politicians

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has discovered something that may send politics into a tailspin.

Dear editor:  
Something is happening in this country that may drive the politicians up the wall. For a long while now, say

from the time of Julius Caesar, politicians have been accused of dodging issues, of double-talk, of taking one stand today and changing it tomorrow. It's not unheard of, although he'd like for it to be that way, for a politician to say one thing in Texas and just the opposite in New York, especially if no network cameras are around.

As you know, the polls in the Presidential election are fluctuating wildly. One week Carter will be far ahead, the next week Ford is closing in, the next week he's even, the next week Carter is ahead again, the next week it's too close to call.

Trying to explain this, a leading pollster, one who's been right in previous elections, said "Something is happening among the voters. They tell you one thing today and something else tomorrow."

That's it! The people have turned the tables on the politicians and for a change are not telling them the truth. It may have taken them over 2000 years to catch on, but it was bound to happen sooner or later.

You can see what this is going to do to the candidates. Say the polls, with the pollies answering tongue-in-cheek, show Carter is leading in Omaha and trailing in Little Rock. Immediately he rushes to Little Rock while Ford rushes to Omaha, whereas actually just the opposite is true. Multiply this by areas all over the country and you can see what a hilarious mess is going to result.

Sounds like more fun than a barrel of monkeys, although there's really no need to be bringing Congress into this.

Yours faithfully,  
J.A.

## Jones County Officials

### Endorse Jimmy Carter

John Scarborough, Jimmy Carter Campaign county leader, this week urged the support of the entire Democratic ticket in Tuesday's general election and announced the endorsement of the Democratic slate by Jones County Democratic elected officials.

"We feel that the Democratic Party offers the voters of Jones County the best candidates for all offices up for election this year," Scarborough said. "We have the opportunity to once again set this country in motion with the candidacy of Jimmy Carter and Walter Mondale, and on the local and state level we have the chance to continue the great work that Democratic elected officials have done for many years."

Scarborough added that the local and state officials can serve the people of Jones County better if they can count on the support from a Democratic administration "which truly cares about all the people of this nation."

"I am excited at the prospect of having the Democrats carry the state to

## Sen. Farabee Endorses Water Bond Proposals

State Senator Ray Farabee, speaking at a public forum in Wichita Falls sponsored by the Texas Water Development Board, endorsed a proposal to allow an increase in funds available for water development and water quality improvement.

This proposal will be presented to Texas voters on the November 2 ballot in the form of Constitutional Amendments No. 1 and No. 2.

Senator Farabee stated, "The additional funding permitted under these amendments is needed by our smaller cities and communities to build and improve sewage treatment plants, collection lines and other facilities. Sewage treatment plants even for a small town can cost as much as \$2 million, and these communities simply can not raise that kind of money on their own."

Since 1957, when the Water Development Fund was created, over one-third of Texas' population has been helped by such loans.

Senator Farabee concluded, "Texas is a growing state with growing needs for water. Also, inadequate and outdated sewage treatment facilities are the major cause of damage to our rivers and streams. We must plan for our future water needs now,
